

LOCATION

Norwich, Norfolk

CLIENT

Charles Church Special Projects Renovation

PROJECT

Fellowes Plain

The project forms part of the redevelopment of the former Norfolk & Norwich hospital site.

The pavilion building is a new build development providing 272 apartments over 5 floors with 2 storeys of underground car parking below, and is linked to 6 listed buildings which remained after the hospital demolition.

The project is being developed by Charles Church Special Projects. R G Carters have been appointed as the Building Contractor and F+M are employed directly by RGC to develop the original design, produced by Broadway Maylan and produce working drawings and specifications.
