Strand, London

CLIENT

The Court Service

PROJECT

Conservation

The Royal Courts Of Justice

Feilden+Mawson have acted since 1996 as Specialist Conservation Consultant for the Royal Courts of Justice, the largest court building in the country with some 90 courts within the complex.

Works include a major external programme of stone cleaning and repairs, IT and re-wiring installations, condition surveys, a rolling programme of restoration and cleaning of historic courts, relighting the Great Hall, fire detection/compartmentation, lightning protection, and restoration of the Bear Garden and the clock on the Strand.
