PROJECT

Conservation

Whitehall Historic Government Buildings

Since 1992 Feilden+Mawson have worked on a variety of projects at buildings including 10, 11 and 12 Downing Street, 70 Whitehall, Kent's Treasury, Foreign & Commonwealth Office, HM Treasury, Dover House, Gwydyr House, Admiralty House, 36 Whitehall, 49-53 Parliament Street and the remains of Whitehall Palace in Treasury Green.

Work has ranged from new secure entrance facilities, redecoration and refurnishing of historic interiors, conservation of 16th and 18th century brick and stonework, roof renewals, fire alarm and data and small power rewiring, conservation plans, quadrennial inspection reports, design of new furniture and landscaping, furniture inventories and fire safety planning.
